

*The Canadian Journal of Nursing Research  
Revue canadienne de recherche en sciences infirmières*

**Reviewers/Lecteurs**

**Volume 26 – 1994**

The Canadian Journal of Nursing Research is indebted to the persons below who served as reviewers for Volume 26 of the CJNR. Their names were inadvertently omitted from the list appearing in Volume 26, No.4. They gave generously of their time and shared their knowledge and in so doing have contributed greatly to the editorial process and to the development of nursing knowledge.

La Revue canadienne de recherche en sciences infirmières est reconnaissante envers les personnes ci-dessous nommées d'avoir révisé son volume 26. Regrettablement, leurs noms étaient, par mégarde, omis de la liste qui était publiée dans le volume 26, no.4. Ces personnes ont généreusement donné de leur temps et partagé leur savoir. Ce faisant, elles ont largement contribué au processus éditorial et au développement des connaissances en sciences infirmières.

Joan Bottorff <i>University of British Columbia</i>	Pamela Hawranik <i>University of Manitoba</i>
Lillian Bramwell <i>University of Western Ontario</i>	Carol McWilliam <i>University of Western Ontario</i>
Elizabeth Diem <i>Lakehead University</i>	Margaret Munro <i>University of Prince Edward Island</i>
Lan Thi Gien <i>Memorial University</i>	Janet M. Rosenbaum <i>University of Windsor</i>
Wendy Hall <i>University of British Columbia</i>	Janet Storch <i>University of Calgary</i>
Ellen Hodnett <i>University of Toronto</i>	Lorraine Watson <i>University of Calgary</i>

*Congratulations to  
our fellow celebrants!*

*Best wishes for continuing  
excellence in nursing.*

From the Faculty and Staff  
of the McGill School of Nursing

75<sup>th</sup>  
Anniversary  
1920-1995

## *Upcoming Focus Issues:*

### **CALL FOR PAPERS**

#### *Acute Care*

Winter 1995 (vol. 27, no.4)

Topics such as the individual's and families' response to illness, new approaches to care, the impact of new technology, and interdisciplinary approaches are welcome. Priority will be given to research reports. However, review articles will also be considered.

Editors: Dr. Mary Grossman and Dr. Laurie Gottlieb

Submission Deadline: August 15, 1995

#### *Culture & Gender*

Spring 1996 (vol.28, no.1)

Papers are invited that address the theoretical and methodological issues in conducting cross-cultural research. We are especially interested in receiving articles from a feminist perspective, that attempt to examine the intersection of gender, race and class in the conduct of nursing research, and that outline strategies for the utilization of research findings.

Guest Editor: Dr. Joan Anderson

Submission Deadline: October 15, 1995

#### *Symptom Management*

Summer 1996 (vol.28, no.2)

Manuscripts are invited that address management of symptoms. Symptoms may include, but are not limited to, pain, discomfort, nausea, anxiety, depression, and confusion. We seek a wide range of patient populations, symptoms, and management strategies. Preference will be given to completed research reports.

Guest Editor: Dr. Celeste Johnston

Submission Deadline: December 15, 1995

*Please send manuscripts to:*

The Editor,

Canadian Journal of Nursing Research,

McGill University School of Nursing,

3506 University Ave., Montreal, Qc H3A 2A7

## *Prochains Numéros:*

### **ARTICLES À PUBLIER**

#### ***Soins Aigus***

publication: hiver 1995 (vol. 27, no.4)

Vous êtes invités à nous soumettre des articles portant sur les soins aigus. Les sujets peuvent concerner, entre autres, l'existence de nouvelles approches de soins, l'impact de nouvelles technologies, les réactions à la maladie, l'implication du malade et de la famille et la collaboration interdisciplinaire. Les rapports de recherche auront la priorité. Cependant, les articles critiques seront également pris en considération.

Rédactrices: Dre Mary Grossman et Dre Laurie Gottlieb

Date limite pour les soumissions: le 15 août 1995

#### ***La Culture et le Sexe***

publication: printemps 1996 (vol.28, no.1)

Les articles porteront sur les questions théoriques et méthodologiques dans la recherche interculturelle. Nous aimerais surtout des articles rédigés dans une optique féministe, qui tenteront d'examiner le croisement du sexe, de la race et de la classe sociale dans la recherche en sciences infirmières, et qui mentionneront des stratégies pour l'utilisation des résultats de la recherche.

Rédactrice invitée: Dre Joan Anderson

Date limite pour les soumissions: le 15 octobre 1995

#### ***La Gestion des Symptômes***

publication: été 1996 (vol.28, no.2)

Nous vous invitons à soumettre vos manuscrits sur le traitement des symptômes. Ceux-ci comprendront, sans s'y limiter, la douleur, l'inconfort, la nausée, l'anxiété, la dépression et la confusion mentale. Nous désirons étudier un large éventail de symptômes, de stratégies de traitement et de types de malades. Les rapports de recherche complets auront la priorité.

Rédactrice invitée: Dre Celeste Johnston

Date limite pour les soumissions: le 15 décembre 1995

*Prière de faire parvenir les manuscrits à la :*

# EVALUATION '95

*Evaluation for a New Century:  
A Global Perspective*

**Nov. 1-5, 1995, Vancouver, Canada**

An international conference co-sponsored by the Canadian Evaluation Society and the American Evaluation Association, in cooperation with the Australasian Evaluation Society, the Central American Evaluation Society and the European Evaluation Society.

**Central conference themes:**

**Global issues • Evaluation lessons learned • The changing face of evaluation**

**Conference Events**

33 workshops (Nov. 1) providing specialized training by leading professionals

5 plenary sessions

Over 300 paper and panel sessions

Poster sessions and exhibits

Evaluation Centre Host Program

Local professional interest visits

International Job Bank

**Registration fees:**

\$150 (US) prior to Aug. 1, 1995

\$175 (US) Aug. 1-Oct. 1, 1995

\$200 (US) after Oct. 1, 1995

\$50 (US) - Student Rate

**For more information:**

## University of Windsor School of Nursing Programs

### Master of Science in Nursing

This program prepares graduates for advanced practice  
in one of two areas of concentration:

*Health promotion and illness prevention*

*Human response and adaptation to alterations in health*

This program is especially designed to meet the needs  
of employed baccalaureate nurses.

### Basic Baccalaureate Program (4 years)

This program is for students who are secondary school graduates,  
graduates with degrees in other disciplines, and qualified adult students  
who wish to pursue a career in nursing.

### Post Diploma Bachelor of Science in Nursing (2 years)

This program is designed to provide the Registered Nurse with the additional  
knowledge and skills required to expand his/her scope of practice.

*For further information contact*

## **Master of Nursing/Master of Health Services Administration Program**

The three-year Joint MN/MHSA Program is a collaborative effort of the School of Nursing and the School of Health Services Administration. The Program provides a conceptual background for the increasingly complex managerial tasks that need to be performed in health service organizations and health-related government departments. Graduates require in-depth knowledge of nursing and management, as well as, the ability to apply advanced behavioral and social skills. A thesis is required.

Graduates of the Program are expected to be leaders in the professional discipline of Nursing. The graduate has rigorous academic preparation and strong skills in critical inquiry, logical analysis, and decision making which can be applied in management, practice or research positions and in graduate education at the doctoral level.

Applicants must have completed a Bachelor's Degree, satisfy the general requirements for admission to the Faculty of Graduate Studies, and be licensed to practice as a registered nurse in Canada or in a foreign country. Admission is based on assessment of professional experience, previous academic work, letters of reference, GRE, and TOEFL for foreign students.

For further information, please contact the Associate Director, Graduate Program, School of Nursing, or the Director, School of Health Services Administration, Dalhousie University, Halifax, Nova Scotia, B3H 3J5.

# Assistant Professorships

**SCHOOL OF NURSING  
THE UNIVERSITY OF BRITISH COLUMBIA**

Vancouver, British Columbia

The University of British Columbia invites applications for two tenure track faculty positions in the School of Nursing. A doctorate degree in Nursing or a related discipline (earned or near completion) is required; a master's degree in Nursing is also required. Candidates must be eligible for registration with the RNABC. Applicants should have relevant recent teaching and clinical experience in community health, mental health or adult health nursing. Professional practice and research expertise in one of the following areas is particularly desirable:

- ◆ design and evaluation of community-based nursing services;
- ◆ policy formulation and evaluation in community health;
- ◆ health care of vulnerable populations (underserved women and children, minority populations, mentally ill);
- ◆ acute/critical care of individuals with cardiovascular or immunologic conditions.

Candidates will be expected to establish and pursue a program of research in one of these specialty areas.

The School has a strong commitment to advanced professional practice and research. It offers programs leading to baccalaureate, master's and doctoral Nursing degrees and has affiliations with a wide range of hospitals and community agencies. The successful applicant will have teaching responsibilities in both the undergraduate and graduate programs. The positions will carry the rank of Assistant Professor, and are available effective January 1 and July 1, 1996. The appointments are subject to final budgetary approval.

UBC welcomes all qualified applicants, especially women, aboriginal people, visible minorities and persons with disabilities. In accordance with Canadian Immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada. Applications, accompanied by a curriculum vitae and the names and addresses of three references, should be sent by August 31, 1995 to:

Dr. Katharyn May, Director  
School of Nursing  
University of British Columbia  
T206-2211 Wesbrook Mall  
Vancouver, B.C. V6T 2B5  
(604) 822-7748 Fax: (604) 822-7423

## Information for Authors

*The Canadian Journal of Nursing Research* is a quarterly journal. Its primary mandate is to publish nursing research that develops basic knowledge for the discipline and examines the application of the knowledge in practice. It also accepts research related to education and history and welcomes methodological, theory and review papers that advance nursing science. Letters or commentaries about published articles are encouraged.

**Procedure:** Three double-spaced typewritten copies of the manuscript on 8½ x 11" paper are required. Articles may be written in French or English. Authors are requested not to put their name in the body of the text, which will be submitted for blind review. Only unpublished manuscripts are accepted. A written statement assigning copyright of the manuscript to *The Canadian Journal of Nursing Research* must accompany all submissions to the journal. Manuscripts are sent to: The Editor, *The Canadian Journal of Nursing Research*, McGill University, 3506 University Street, Montreal, QC H3A 2A7.

### Manuscripts

All manuscripts must follow the fourth edition of the *Publication Manual of the American Psychological Association*. Research articles must follow the APA format for presentation of the literature review, research questions and hypotheses, method, and discussion. All articles must adhere to APA guidelines for references, tables and figures. Do not use footnotes.

**Title page:** This should include author(s) name, degrees, position, information on financial assistance, acknowledgements, requests for reprints, address, and present affiliation.

**Abstract:** Research articles must include a summary of 100-150 words containing information on the purpose, design, sample, findings, and implications. Theory and review papers must include a statement of the principal issue(s), the framework for analysis, and summary of the argument.

**Text:** The text should not exceed 15 double spaced typed pages. References, tables, and figures should follow the text.

**References:** The references are listed in alphabetical order, double spaced and placed immediately following text. Author names and journal citations must be spelled out in full.

**Tables and Figures:** Tables and figures should only appear when absolutely necessary. They must be self explanatory and summarize relevant information without duplicating the content of the text. Each table must include a short title, omit abbreviations and be typed on a separate page. Figures must be in camera-ready form.

**Review process and publication information:** *The Canadian Journal of Nursing Research* is a peer-reviewed journal. Manuscripts are submitted to two reviewers for blind review. The first author will be notified following the review process which takes 12 weeks to complete.

**Electronic copy:** Authors must provide satisfactory electronic files of the accepted final version of the manuscript.

## Renseignements à l'intention des auteurs

*La revue canadienne de recherche en sciences infirmières* paraît quatre fois par année. Son mandat est de publier la recherche en sciences infirmières qui développe les connaissances de base dans la discipline et qui analyse la mise en pratique de ces connaissances. La revue accepte aussi des articles de recherche reliés à l'enseignement, l'histoire, et accueille des articles ayant trait à la méthodologie, la théorie, et l'analyse qui promouvoit le développement des sciences infirmières. Les soumissions de lettres et de commentaires sur des articles publiés sont aussi encouragées.

**Modalités:** Veuillez envoyer trois exemplaires de votre article dactylographié à double interligne sur des feuilles de papier de 216mm x 279mm. Il est entendu que les articles soumis n'ont pas été simultanément présentés à d'autres revues. Veuillez inclure avec votre article une déclaration de propriété et de cession de droit d'auteur.

Veuillez adresser vos manuscrits à la rédactrice en chef, *La revue canadienne de recherche en sciences infirmières*, École des sciences infirmières, Université McGill, 3506 rue University, Montréal, QC H3A 2A7.

### Manuscrits

Tous les manuscrits doivent se conformer à la quatrième édition du *Publication Manual of the American Psychological Association*. Les articles de recherche doivent suivrent les consignes énoncées dans le "APA" en guise de présentation de la littérature, des questions de recherche et d'hypothèses, de la méthode, et de la discussion. Tous les articles doivent obéir au manuel "APA" pour les références, les tableaux, et les schémas. N'employez pas de notes au bas de la page.

**Page titre:** Elle devrait inclure le nom, l'adresse et l'affiliation de l'auteur ou des auteurs, les diplômes obtenus, information sur l'aide financière obtenue, remerciements, demande de copies.

**Résumé:** Les articles de recherche doivent être accompagnés d'un résumé de 100 à 150 mots, incluant l'objet de la recherche, la conception, l'échantillon, les résultats et les implications. Les manuscrits de théories et de critiques doivent inclure une déclaration des arguments principaux, la structure d'analyse, et un résumé de la discussion.

**Texte:** La longueur acceptable d'un article n'excède plus que 15 pages. Les articles peuvent être rédigés soit en anglais, soit en français.

**Références:** Les références doivent paraître en ordre alphabétique, à double interligne, et doivent suivrent le texte. Les noms d'auteurs et les citations de revues doivent être épeler entièrement.

**Tableaux et schémas:** Les tableaux et schémas doivent paraître seulement si nécessaire. Ils doivent résumer des informations pertinentes sans redire le contenu du texte. Chaque tableau doit inclure un court titre, opprimer les abréviations et doit être dactylographié sur une page à part. Veuillez remettre les originaux des schémas, qui doivent être dessinés à l'encre de Chine et prêts à photographier.

**Examen des manuscrits et renseignements relatifs à la publication:** Les manuscrits présentés à la revue sont évalués de façon anonyme par deux lectrices. A la réception du manuscrit original, l'auteur est avisé que le Comité de rédaction prendra une décision au sujet de la publication de son article dans les douze semaines.

**Copie électronique:** Les auteurs doivent remettre une copie acceptable de l'article sur disquette de l'acceptation finale de l'article.

## Graduate Programs in Nursing

Master of Science (with Thesis)

Master of Science (Applied)

These programs are designed to prepare clinicians and researchers for the role of nursing within the health care delivery system. Preparation for the teaching of nursing or the management of nursing service is also offered.

### **Admission requirements**

Either a Baccalaureate degree in Nursing comparable to B.Sc.(N) or B.N. from McGill; or a Baccalaureate degree comparable to B.A. or B.Sc. offered at McGill (for those with no nursing preparation).

### **Ph.D. Program in Nursing**

In 1993, the School of Nursing of McGill University and the Faculté de sciences infirmières of the Université de Montréal established a joint Ph.D. program in Nursing. This program combines the resources of both universities in order to respond to the diverse and complex challenges of the discipline of nursing.

The program is designed to prepare scientists who will contribute to the advancement of knowledge and theory development in the field of nursing and who will assume leadership roles both in the profession and in the health care system.

### **Admission requirements**

Applicants must hold a Master of Science in Nursing or equivalent degree with a G.P.A. of 3.3 or high B standing. Each applicant must demonstrate research ability and be accepted by a faculty member who agrees to serve as thesis advisor. The candidate must submit a letter outlining his/her proposed research as well as his/her future career goals. Admission is based on assessment of professional experience, previous academic work, letters of reference and GRE. Applicants must hold nursing registration in Québec or be eligible to obtain registration and have sufficient working knowledge in both French and English.
