

CJNR is happy to offer our contributors the opportunity to submit their papers online using **E-journal Press**. As of January 1, 2007, the manuscript submission and review process for *CJNR* is conducted exclusively online. Authors should submit their manuscripts using the online system, and reviews will be conducted and tracked online. We are confident that this new process will greatly increase our efficiency and reduce our turnaround times.

To access *CJNR*'s new tracking system,
