

## *Faculty Positions*

### *Dalhousie University*

1. **Professor or Associate Professor of Nursing to coordinate the Master's Program** in association with the Director of the School. It is expected that the candidate would have completed a doctorate, and have had clinical, nursing education and research experience. The appointment includes teaching in the graduate and undergraduate programs, and provides opportunity for research.

2. Because a number of our faculty will be leaving to pursue further education at the end of this academic year, there will be positions available for qualified faculty. We are especially interested in candidates with preparation in **mental health and psychiatric nursing, and in community health nursing.**

Interesting developments for the future make Dalhousie School of Nursing a challenging place in which to contribute to nursing education and to further one's own professional goals.

- New and modern quarters for the School are planned.
- Our masters program is now in its first year.
- Some research projects are getting underway and Dr. Margaret Scott Wright from Edinburgh, well known in Canada and internationally, will be our new Director.

Applications, with curriculum vitae, should be sent to Muriel E. Small, Director, School of Nursing, Dalhousie University.

## **SCHOOL OF NURSING McGILL UNIVERSITY**

### **BACHELOR OF SCIENCE IN NURSING**

A three year BASIC program to prepare a beginning nurse practitioner:

- General and professional courses with nursing experience in McGill teaching hospitals and selected community agencies
- Entrance — collegial diploma (D.E.C. Sciences) or the equivalent.

### **MASTER OF NURSING**

Teachers of Nursing in the rapidly expanding college system for Nursing Education.
